From the Podium

I would like to thank Jim Jennings for his two years of service as our president and welcome Hale Landes as our new vice president.

We had a nice turnout for our March luncheon and conducted the election for new officers and executive board members.

In Brotherhood,
Keith Berls

March 9, 2022 Speaker

Business Representative Joe Kilcoyne spoke about the Illinois IBEW Renewable Energy Fund, and how qualified installers are required by both the State of Illinois and the National Electrical Code. Local #134 second year apprentices are receiving solar training making them eligible as installers. Business Representative Robert Hattier Illinois Executive Director IBEW Renewable Energy Fund made membership packets for solar energy available. The information tells of what roof top configurations must be considered. There's a Federal Investment Tax Credit valued at 26%. The Purchased System with Net Metering has a life span of 25 years. There is a return of investment in 6 years. Those in the Great Lakes Credit Union with approval can get a loan. Great Lakes working with Local #134 will facilitate electrical contractor selection. We want to thank both Robert Hattier and Joe Kilcoyne for their solar energy information.
